

CASKETMART

Dedicated To Offering High Quality Caskets and Cremation Urns

We, here at Casket Mart, are a Canadian, family-oriented casket and cremation urn company. Our vision is to bring you a more affordable means of caring for your dearly departed. By being owned and operated by a family ourselves, we can honestly say we understand the grief a loss can bring and work in providing you with high-quality caskets and cremation urns at prices funeral homes can't offer. We do this in the hopes of taking some of the weight off of your shoulders when you need it most.

In terms of services and caring for loved ones, we aspire to set high expectations for the funeral profession. We provide empathy, compassion, respect, and care to people going through one of the most heartbreaking and stressful times of their lives as their beloved ones pass away. A funeral should be a personal and unforgettable event planned with care, and we will do our part to ensure that it runs as smoothly as possible.

We put our customers at the core of everything we do. We are honoured to represent the communities we are a part of, and we are here to assist them through one of the most challenging times of their lives. What we do as a casket and cremation urn provider is always guided by listening to our consumers and knowing their shifting attitudes and lifestyles.

Unlike the past, we live in a modern age where online purchasing goods is commonplace. This allows for our products to be sold to you individually from a funeral home, but rest assured, as said, parlours accept caskets provided from outside their scope with no extra charge!
